Se si ha l'esigenza di aggiungere più profili per allungare il proprio sistema considerare le misure opportune per forare il soffitto (passaggio 1). Usare il connettore l'apposito VISION KIT STRAIGHT CONTINUOUS dopo aver accostato due profili prima di inserire la propria strip led (passaggio 2).

If you need to add more profiles to extend your linear system, consider the appropriate measures to drill the ceiling (step 1). Use the VISION KIT STRAIGHT CONTINUOUS connector after having placed two profiles together before inserting the led strip (step 2).
